English

WARNING - In order to avoid hazards to operators and
damages to the device, the following instructions have to be
performed by qualified technical personnel.

WARNING - Adhere to the safety and operating instructions
stated in the operation manual. Effective regulations on occupa-
tional safety, accident prevention as well as national installation
standards and approved engineering techniques must in addi-
tion be complied with.

Limitation of liability and warranty

Failure to observe mounting instructions / operating manual
or technical regulations, improper use and use not as in-
tended, and alteration of or damage to the device will result in
the forfeiture of warranty and liability claims.

Intended use

Ensure that the medium is compatible with the media-wetted
parts and that the device is suitable for the application with-
out restrictions. The technical data listed in the current data
sheet is binding.

Product identification

Type designation	Ordering code	Serial number
BD SENSORS pressure measurement		
DMP 457	600-V502-1-3-G10-100-1-000	SN: 2174766
Input: -1...5 bar gauge	Connector Pinout:	CE 2020
Output: 4...20 mA/2-wire	Vs+: 1	
Supply: 8...32 VDC	Vs -: 2 Shield: ↓	

Pin configuration

Electrical connections	ISO 4400	M12x1 (4-pin)
Supply +	1	1
Supply -	2	2
Shield	ground pin ⊕	4
Electrical connections	field housing	cable colours (IEC 60757)
Supply +	VS+	WH (white)
Supply -	VS-	BN (brown)
Shield	GND	GNYE (green-yellow)

Wiring diagram

NOTE - Use a shielded and twisted multicore cable for the
electrical connection.

Mounting

 DANGER	Danger of death from airborne parts, leaking fluid, electric shock - Always mount the device in a depressurized and de-energized condition! - Operate the device only within the specification! (according to data sheet)
	Danger of death from improper installation - Installation must be performed only by appropriately qualified persons who have read and understood the operating manual.

NOTE - Use a suitable seal for the medium and the pressure to be measured, if necessary. For connections according to DIN 3852 do not use any additional sealing material such as yarn, hemp or Teflon tape!

NOTE - The permissible tightening torque depends on the conditions on site (material and geometry of the mounting point). The specified tightening torques are valid for the transmitters and must not be exceeded!

NOTE - When installing the device, avoid high mechanical stresses on the pressure port! This will result in a shift of the characteristic curve or to damage, in particular in case of very small pressure ranges.

<p>connection acc. to DIN 3852</p> <p>G1/4": approx. 5 Nm G1/2": approx. 10 Nm</p>	<p>connection acc. to EN 837</p> <p>G1/4": approx. 20 Nm G1/2": approx. 50 Nm</p>	<p>NPT connection</p> <p>1/4" NPT: approx. 30 Nm 1/2" NPT: approx. 70 Nm</p>	<p>flange connections</p> <p>Fasten the flange with 4 resp. 8 screws (depending on flange version) on the counter flange.</p>
<p>NOTE - For more information, please read the detailed operating manual.</p>			

Certificate

DNV

TYPE APPROVAL CERTIFICATE

Certificate No: TA00001GR
Revision No: 1

This is to certify:
That the Pressure Transmitter

with type designation(s):
DMP/DMK 457, DX19-DMK 457, DX19-DMP 457, DMK 457-KRO, DX19-DMK 457-KRO, DMK 456, DX14A-DMK 456, DMK 458, DX14A-DMK 458

Issued to:
BD SENSORS GmbH
Thierstein, Bayern, Germany

is found to comply with:
DNV rules for classification – Ships, offshore units, and high speed and light craft

Application:
Product(s) approved by this certificate is/are accepted for installation on all vessels classed by DNV.

Location classes:

Temperature	D
Humidity	B
Vibration	B
EMC	B
Enclosure	D

Issued at Hamburg on 2022-06-07

This Certificate is valid until 2022-12-31
DNV local station: Augsburg
Approval Engineer: Oskar Grottel

for DNV
Digital Signer: Papapanikas, Joannis
London (DNV UK) (DNV Norway)

Joannis Papapanikas
Head of Section

This Certificate is subject to terms and conditions outlined. Any significant change in design or installation may render this Certificate invalid. The certificate holder remains liable for the Type Approval Certificate and is to be approved of all modifications requested.

LEGAL DISCLAIMER: DNV does not warrant in the application context with the holder of the document, or following from members, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees (DNV) arising from or in connection with the services rendered for the purpose of the issuance of this document or related product, whether in contract or in tort (including, but not limited to, direct losses and other any consequential losses).
